The Health Care Reform legislation passed in March 2010 is over a year old now, but the impact of the legislation on many businesses remains unknown. This webinar will provide insights into this massive legislation and include changes since it was signed into law last year. The legislation impacts each business differently, so it is vital that community bank owners and management understand the key aspects and how they should be approached to ensure both compliance and efficiency for your business.

Continuing Education: Attendance verification for CE credits provided upon request.

HIGHLIGHTS

- Update on changes in 1099 reporting requirements that resulted from Health Care Reform
- Analysis of the provisions that go into effect during 2011 and 2012 to ensure compliance
- Provisions that go into effect beyond 2013 and how planning now can make the compliance process more efficient
- Strategies to use the new health care provisions to your bank's advantage
- Potential financial statement impact of legislation in 2011 and future years
