The question many BSA officers are asking is, “Which issues in the new BSA exam manual will be a ‘hotspot’ during my bank’s next exam?” The 2010 Bank Secrecy Act, Anti-Money Laundering Examination Manual has about 100 added pages of exam procedures covering high-risk products such as IATs, RDCs, bulk cash, and more. This program will cover the recent changes – especially in light of what examiners will look for this year and next. Huge fines on Wachovia Bank also are on the horizon and the lessons learned from those issues will help provide a road map to a good examination.

Continuing Education: Attendance verification for CE credits provided upon request.
