

Committee Volunteer Opportunity

CBA is welcoming volunteers to join its 2022 committees. Participating allows you to help guide your Association and get to know other bank members along the way. The more committee participation we have, the more effective we can be.

Here are some benefits to serving on one of CBA's committees:

- › A voice and participation in CBA projects
- › A significant role in advancing the profession of Community Banking
- › An opportunity to enhance the value of CBA to Kansas Banks
- › Access to up-to-date information about challenges facing financial institutions
- › The opportunity to exchange ideas and perspectives with colleagues

Current CBA Committees:

CBPAC - Raise funds and help determine where those dollars will be contributed on the state level.

Education and Events - Recommend and conceptualize educational activities and assist staff in planning/marketing the programs.

Legislative/Regulation - Assist staff in identifying and monitoring state and congressional issues affecting community banks. Review proposed agency regulations and help draft comments to the proper agencies.

Yes, I'd like to get involved! I am volunteering for the following committee(s):

- CBPAC**
- Education and Events**
- Legislative/Regulation**

Name: _____

Email: _____

Bank: _____

City: _____
